

Oh I just got this feelin'  
It's keepin' me up all night  
My feet start tappin' and hands start groovin'  
It just doesn't seem alright

I can't explain this feelin'  
I wish I had a clue  
So I'll just keep on dancin'  
'cos there's nothing I can do

I wanna dance, dance, dance  
I wanna jive, jive, jive  
I wanna hop, hop, hop  
I wanna boogie

I wanna strut my stuff  
I wanna swing and sway  
I wanna rock 'n' roll  
I wanna boogie

I visited the doctor  
I told him what was wrong  
He gave me a prescription  
But I'm still dancin' all night long

I tried to take up yoga  
To stop the doom and gloom  
I'd close my eyes, my arms would rise  
And I'd be groovin' round the room

I wanna dance, dance, dance  
I wanna jive, jive, jive  
I wanna hop, hop, hop  
I wanna boogie

I wanna strut my stuff  
I wanna swing and sway  
I wanna rock 'n' roll  
I wanna boogie

My brother saw me dancin'  
And asked why I was feelin' blue  
He said he'd felt this way before  
And knew just what to do

He took me to a disco  
And all my problems went away  
'cos I can keep on dancin'  
and I'm dancin' to this day

I wanna dance, dance, dance  
I wanna jive, jive, jive  
I wanna hop, hop, hop  
I wanna boogie

I wanna strut my stuff  
I wanna swing and sway  
I wanna rock ,n' roll  
I wanna boogie
